INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of Holy Spirit Roman Catholic Separate School Division

Opinion

We have audited the financial statements of Holy Spirit Roman Catholic Separate School Division (the "Division"), which comprise:

- The statement of financial position as at August 31, 2023
- The statement of operations for the year then ended
- The statement of cash flows for the year then ended
- The statement of change in net financial assets for the year then ended
- The statement of remeasurement gains and losses for the year then ended
- Schedules 1,2,3,5, 6 and 8, schedule 4 excluding the rows under "Square Metres", Schedule 7 columns "Remuneration", "Benefits", "Allowances", "Performance Bonuses", "ERIP's/Other Paid", "Other Accrued Unpaid Benefits" and "Expenses".
- And notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Division as at August 31, 2023 and its results of operations, changes in net financial assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our auditor's report.

We are independent of the Division in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Division's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Division or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Division's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
 is sufficient and appropriate to provide a basis for our opinion.
 - The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Division's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Division's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Division to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
 disclosures, and whether the financial statements represents the underlying transactions and events in
 a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT PRACTITIONER'S REASONABLE ASSURANCE REPORT

To the Board of Trustees of Holy Spirit Roman Catholic Separate School Division

We have undertaken a reasonable assurance engagement of the accompanying FTE, ECS Base Instruction Hours and Child/Student Count as reported in the specific rows "School buildings" and "Non school buildings" in Schedule 4 and the column "FTE" in Schedule 7 (the "subject matter information") of the Division for the year ended August 31, 2023.

Management's Responsibility

Management is responsible for the preparation and presentation of the subject matter information in accordance with the criteria established by Alberta Education in the AFS Guidelines (the "applicable criteria").

Management is also responsible for such internal control as management determines necessary to enable the preparation of the subject matter information that is free from material misstatement, whether due to fraud or error.

Practitioner's Responsibilities

Our responsibility is to express a reasonable assurance opinion on the subject matter information based on the evidence we have obtained. We conducted our reasonable assurance engagement in accordance with Canadian Standards on Assurance Engagements (CSAE) 3000, Attestation Engagements Other than Audits or Reviews of Historical Financial Information. This standard requires that we plan and perform this engagement to obtain reasonable assurance about whether the subject matter information is free from material misstatement.

Reasonable assurance is a high level of assurance but is not a guarantee that an engagement conducted in accordance with this standard will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of users of our report.

The nature, timing and extent of procedures performed depends on our professional judgment, including an assessment of the risks of material misstatement, whether due to fraud or error, and involves obtaining evidence about the subject matter information.

We believe the evidence we obtained is sufficient and appropriate to provide a basis for our opinion.

Practitioner's Independence and Quality Management

We have complied with the relevant rules of professional conduct/code of ethics applicable to the practice of public accounting and related to assurance engagements, issued by various professional accounting bodies, which are founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

The firm applies Canadian Standard on Quality Management 1, Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagement which requires the firm to design, implement and operate a system of quality management, including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Opinion

In our opinion, the subject matter information of the Division for the year ended August 31, 2023 has been prepared, in all material respects, in accordance with the applicable criteria.

Specific Purpose of Subject Matter Information

The subject matter information has been prepared in accordance with the applicable criteria. As a result, the subject matter information may not be suitable for another purpose.

SQUARE METRES		
School buildings	65,719.0	65,719.0
Non school buildings	 3,395.0	3,395.0

Notes:

Custodial: All expenses related to activities undertaken to keep the school environment and maintenance shops clean and safe.

Maintenance: All expenses associated with the repair, replacement, enhancement and minor construction of buildings, grounds and equipment components. This includes regular and preventative maintenance undertaken to ensure components reach or exceed their life cycle and the repair of broken components. Maintenance expenses exclude operational costs related to expensed infrastructure Maintenance Renewal (IMR), CMR & Modular Unit relocations, as they are reported on separately.

Utilities & Telecommunications: All expenses related to electricity, natural gas and other heating fuels, sewer and water and all forms of telecommunications.

Expensed IMR, CMR & Modular Unit Relocation & Lease Payments: All operational expenses associated with non-capitalized IMR and CMR projects, modular unit (portable) relocation, and payments on leased facilities.

Facility Planning & Operations Administration:

All expenses related to the administration of operations and maintenance including (but not limited to) contract administration, clerical functions, negotiations, supervision of employees & contractors, school facility planning & project 'administration', administration of joint-use agreements, and all expenses related to ensuring compliance with health and safety standards, codes and government regulations.

Unsupported Amortization & Other Expenses: All expenses related to unsupported capital assets amortization and interest on unsupported capital debt.

Supported Capital & Debt Services: All expenses related to supported capital assets amortization and interest on supported capital debt.

School Jurisdiction Code: 4481

Notes to Financial Statements

Year ended August 31, 2023

1. Authority and purpose:

Holy Spirit Roman Catholic Separate School Division (the "Division") delivers education programs under the authority of the School Act, Revised Statutes of Alberta 2000, Chapter S-3.

The Division receives instruction and support allocations under Education Grants Regulation 120/2008. The regulation allows for setting of conditions and use of grant monies. The Division is limited on certain funding allocations and administration expenses.

The Division is a Registered Charity under the Canadian Income Tax Act.

2. Summary of significant accounting policies:

These financial statements have been prepared in accordance with the Canadian public sector accounting standards (PSAS). The significant accounting policies are summarized below:

a) Basis of presentation:

The non-financial information included in these financial statements has been prepared by management to meet the reporting requirements of Alberta Education and as a result may not be suitable for another purpose.

b) Cash and cash equivalents:

Cash and cash equivalents include cash and investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These short-term investments have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

c) Accounts receivable:

Accounts receivable are shown net of allowance for doubtful accounts.

d) Financial instruments:

The Division's financial assets and liabilities are categorized and measured as follows:

Financial statement component	Weasurement
Cash and cash equivalents	Cost
Portfolio investments	Amortized cost
Accounts receivable	Lower of cost or net recoverable value
Accounts payable and accrued liabilities	Cost
Asset retirement obligations	Cost

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in accumulated remeasurement gains and losses except the restricted amounts which are recognized as deferred revenue or endowment net assets. Upon settlement, the gains and losses are reclassified from accumulated remeasurement gains and losses and recognized as revenue.

Notes to Financial Statements

Year ended August 31, 2023

2. Summary of significant accounting policies (continued):

d) Financial instruments (continued):

All financial assets are assessed annually for impairment. Impairment losses are recognized as a decrease in revenue, except for restricted amounts which are recognized as a decrease in deferred revenue or endowment net assets. A write-down to reflect a loss in value is not reversed for a subsequent increase in value for assets measured at amortized cost. A reversal of a write-down to reflect a loss in value for assets measured at fair value are recorded in the Statement of Remeasurement Gains and Losses.

For financial instruments measured at amortized cost, the effective interest rate method is used to determine interest revenue or expense. Transaction costs are a component of cost for financial instruments measured using cost or amortized cost. Transaction costs are expensed for financial instruments measured at fair value.

The Division does not use foreign currency contracts or any other type of derivative financial instrument for trading or speculative purposes.

Management evaluates contractual obligations for the existence of embedded derivatives and elects to either designate the entire contract for fair value measurement or separately measure the value of the derivative component when characteristics of the derivative are not closely related to the economic characteristics and risks of the contract itself. Contracts to buy or sell non-financial items for the Division's normal purchase, sale or usage requirements are not recognized as financial assets or financial liabilities. The Division does not have any embedded derivatives.

e) Tangible capital assets:

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the asset. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset. Donated tangible capital assets are recorded at their fair market value at the date of donation.

In circumstances where fair value cannot be reasonably determined, they are then recognized at nominal value. Transfers of tangible capital assets from related parties are recorded at original cost less accumulated amortization.

Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion and is not amortized until after the project is complete and the asset is in service.

Assets under capital lease are recorded at the present value of the minimum lease payments excluding executor costs such as insurance and maintenance costs. The discount rate used to determine the present value of the lease payments is the lower of the Division's rate of incremental borrowing or the interest rate implicit in the lease.

Notes to Financial Statements

Year ended August 31, 2023

2. Summary of significant accounting policies (continued):

e) Tangible capital assets (continued):

Tangible capital assets are amortized over their estimated useful lives on a straight-line basis, as follows:

Computer hardware and software Equipment Vehicles Buildings

3 - 5 years 5 years 10 years 20 - 50 years

f) Employee future benefits:

The Division participates in the Local Authorities Pension Plan. This is a multi-employer defined benefit plan that provides pensions for the Division's participating employees, based on years of service and earnings. Defined contribution plan accounting is applied to a multi-employer defined benefit plan for which the Division has insufficient information to apply defined benefit plan accounting. Pension costs included in these financial statements include the amount of employer contributions required for its employees during the year, based on rates which are expected to provide for benefits payable under the pension plan. The Division's portion of this pension plans' deficit or surplus is not recorded by the Division.

The Division participates in the Alberta Teachers' Retirement Fund. This is a multi-employer defined benefit plan that provides pensions for the Division's participating employees, based on years of service and earnings. Defined contribution plan accounting is applied for this multi-employer defined benefit plan. Pension costs included in these financial statements include the amount of employer contributions required for its employees during the year, based on rates which are expected to provide for benefits payable under the pension plan. The Division's portion of this pension plans' deficit or surplus is not recorded by the Division.

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

The cost of providing non-vesting, accumulating employee future benefits for compensated absences under the Division's collective bargaining agreements is determined based on estimates of the remaining service life of employees, expected compensated absences to be taken and market interest rate.

g) Revenue recognition:

Revenues are recorded on an accrual basis. Instruction and support allocations are recognized in the year to which they relate. Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Notes to Financial Statements

Year ended August 31, 2023

2. Summary of significant accounting policies (continued):

g) Revenue recognition (continued):

Volunteers contribute a considerable number of hours per year to schools to ensure that certain programs are delivered, such as kindergarten, lunch services and school generated funds. Contributed services are not recognized in the financial statements.

Eligibility criteria are criteria that the School Division has to meet in order to receive certain contributions. Stipulations describe what the School Division must perform in order to recognize the contributions as revenue. Contributions without eligibility criteria or stipulations are recognized as revenue when the contributions are authorized by the transferring government or entity. Contributions with eligibility criteria but without stipulations are recognized as revenue when the contributions are authorized by the transferring government or entity and all eligibility criteria have been met.

Contributions with stipulations are recognized as revenue in the period the stipulations are met, except when and to the extent that the contributions give rise to an obligation that meets the definition of a liability in accordance with Section PS 3200. Such liabilities are recorded as deferred revenue. The following items fall under this category:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year the stipulated related expenses are incurred;
- · Unexpended Deferred Capital Revenue; or
- Expended Deferred Capital Revenue for which stipulations have not been met.

h) Use of estimates:

These financial statements have been prepared in accordance with Canadian public sector accounting standards (PSAS). The measurement of certain assets and liabilities is contingent upon future events; therefore, the preparation of these financial statements requires the use of estimates, which may vary from actual results. Management uses judgment to determine such estimates.

Employee future benefit liabilities, amortization of tangible capital assets, estimated useful life of tangible capital assets, asset retirement obligations, and carrying value of inventory and supplies are the most significant items based on estimates. Management also uses estimates to determine the carrying value of accounts receivable and the recognition of revenue from restricted sources. In management's opinion, the resulting estimates are within reasonable limits of materiality and are in accordance with the significant accounting policies summarized below. These significant accounting policies are presented to assist the reader in evaluating these financial statements and, together with the following notes, should be considered an integral part of the financial statements.

Notes to Financial Statements

Year ended August 31, 2023

2. Summary of significant accounting policies (continued):

h) Use of estimates (continued):

In addition, the Division's implementation of PS 3280 Asset Retirement Obligations has resulted in the requirement for management to make estimates regarding the useful lives of the affected tangible capital assets and the expected retirement costs, as well as the timing and duration of these retirement costs.

i) Program reporting:

The Division's operations have been segmented as follows:

ECS Instruction: The provision of ECS education instructional services that fall under the basic public education mandate.

Grades 1 – 12 Instruction: The provision of instructional services for Grades 1 – 12 that fall under the basic public education mandate.

Operations and Maintenance: The operation and maintenance of all school buildings and maintenance shop facilities.

Transportation: The provision of regular and special education bus services (to and from school), whether contracted or board operated, including transportation facility expenses.

System Administration: The provision of board governance and system-based / central office administration.

External Services: All projects, activities, and services offered outside the public education mandate for ECS children and students in Grades 1-12. Services offered beyond the mandate for public education are to be self-supporting, and Alberta Education funding may not be utilized to support these programs.

The allocation of revenues and expenses are reported by program, source, and object on the Schedule of Program Operations. Respective instruction expenses include the cost of certificated teacher, non-certificated teaching assistants as well as proportionate share of supplies and services, school administration & instruction support, and System Instructional Support.

j) Scholarship and endowment funds:

Contributions to scholarship endowment funds must be held in perpetuity in accordance with the agreement with the donor.

Unrealized gains and losses associated with the endowment are recorded in the Statement of Remeasurement Gains and Losses.

Notes to Financial Statements

Year ended August 31, 2023

2. Summary of significant accounting policies (continued):

k) Asset retirement obligations:

Asset retirement obligations are legal obligations associated with the retirement of tangible capital assets. Asset retirement activities include all activities relating to an asset retirement obligation. These may include, but are not limited to:

- Decommissioning or dismantling a tangible capital asset that was acquired, constructed or developed;
- Remediation of contamination of a tangible capital asset created by its normal use;
- · Post-retirement activities such as monitoring; and
- Constructing other tangible capital assets to perform post-retirement activities.

A liability for an asset retirement obligation is recognized when, as at the financial reporting date:

- (a) There is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- (b) The past transaction or event giving rise to the liability has occurred;
- (c) It is expected that future economic benefits will be given up; and
- (d) A reasonable estimate of the amount can be made.

When a liability for asset retirement obligation is recognized, asset retirement costs related to recognized tangible capital assets in productive use are capitalized by increasing the carrying amount of the related asset and are amortized over the estimated useful life of the underlying tangible capital asset. Asset retirement costs related to unrecognized tangible capital assets and those not in productive use are expensed.

The asset retirement obligation is measured at the current estimated cost to settle or otherwise extinguish the liability.

3. Change in accounting policy:

Effective September 1, 2022, the Division adopted the new accounting standard PS 3280 Asset Retirement Obligations and applied the standard using the modified retroactive approach with restatement of prior year comparative information.

On the effective date of the PS 3280 standard, the Division recognized the following to conform to the new standard:

- Asset retirement obligations at the effective date;
- Asset retirement cost capitalized as an increase to the carrying amount of the related tangible capital assets in productive use;
- · Accumulated amortization on the capitalize cost; and
- · Adjustment to the opening balance of the accumulated surplus/deficit.

Notes to Financial Statements

Year ended August 31, 2023

3. Change in accounting policy (continued):

Amounts are measured using information and assumptions that are current on the effective date of the standard. The amount recognized as an asset retirement cost is measured as of the date the asset retirement obligation was incurred. Amortization is measured for the period from the date the liability would have been recognized had the provisions of this standard been in effect to the date as of which this standard is first applied.

Impact on the prior year's financial statement as a result of the change in accounting policy is as follows:

		2022	
	As previously	Adjustment	
	reported	recognized	As restated
Statement of Operations			
Statement of Operations:	0 00 400 404	•

Notes to Financial Statements

Year ended August 31, 2023

4. Future changes in accounting standards:

During the fiscal year 2023-24, the Division will adopt the following new accounting standards approved by the Public Sector Accounting Board:

a) PS 3400 Revenue (effective September 1, 2023)

This standard provides guidance on how to account for and report on revenue, and specifically, it addresses revenue arising from exchange transactions and non-exchange transactions.

b) PS 3160 Public Private Partnerships

This accounting standard provides guidance on how to account for public private partnerships between public and private sector entities, where the public sector entity procures infrastructure using a private sector partner.

5. Accounts receivable:

	2023	2022
Alberta Education:		
Inclusive Learning and Curriculum	\$ 5,019	\$ 3,695
Municipalities	96,324	24,701
Other	216,596	106,039
Post-Secondary Institutions	•	429
Alberta Health Services	54,476	31,097
Federal Government	80,179	74,112
First Nations	121,204	83,997
Travel Tuition	196,534	126,510
	\$ 770,332	\$ 450,580

Notes to Financial Statements

Year ended August 31, 2023

6. Portfolio investments:

The composition, fair value and annual market yield on portfolio investments are as follows:

	2023			2022
Investments held at amortized cost: Funds held in Canadian currency	\$	192,719	\$	184,707

Currently, the Division does not have any investments recorded at fair value.

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Market-based inputs other than quoted prices that are observable for the asset or liability either directly or indirectly.

Level 3 - Inputs for the asset or liability that are not based on observable market data; assumptions are based on the best internal and external information available and most suitable and appropriate based on the type of financial instrument being valued in order to establish what the transaction price would have been on the measurement date in an arm's length transaction.

The average effective yields and the terms to maturity are as follows:

• Funds held in Canadian currency yielding effective interest of 4.00% (2022 – 1.58%). These funds represent endowment funds and have no set date of maturity.

The Division has policies and procedures in place governing asset mix, diversification exposure limits, credit quality and performance measurement. The investment portfolio is comprised of endowment assets not available for operations. Endowment assets require that the principal be maintained indefinitely. The primary objective of this portfolio is a rate of return that in real terms, exceeds the endowment spending allocation, at an acceptable risk level.

7. Bank indebtedness:

The Division has negotiated a line of credit with RBC in the amount of \$1,800,000 that bears interest at the bank's prime rate minus 0.25%. This line of credit is secured by a borrowing bylaw and a security agreement, covering all revenue of the Division. There was no balance outstanding on the line of credit at August 31, 2023 (2022 – \$nil). Prime rate at August 31, 2023 was 7.2% (2022 – 2.45%).

Notes to Financial Statements

Year ended August 31, 2023

8. Accounts payable and accrued liabilities:

	2023	2022
Alberta Education Accrued vacation pay liability Other salaries and benefit costs	\$ 585,259 195,147 330,566	\$ 1,618,371 166,926 482,977
Other trade payables and accrued liabilities	1,270,940	424,911
	\$ 2,318,912	\$ 2,693,185

9. Employee future benefit liabilities:

The Division's employees accumulate sick time as it is earned. The compensated absences do not vest although are carried forward to future periods. The Division's collective bargaining agreement provides that employees accumulate time to a determined maximum available for carry forward to future periods. Management has calculated the estimated liability using assumptions related to expected sick time to be taken, expected service life of employees and average remuneration for employees. It is Management's assumption that the number of employees is not expected to decrease significantly in the future.

During the 2023 year, the Division incurred a recovery of \$nil (2022 - \$57,588) for the change in cost of employee future benefits.

The significant assumptions used to measure the accrued benefit obligation are as follows:

Accrued benefit obligation:	2023	 2022
Discount rate	6.30%	4.44%
Estimated average remaining service life	15.2 Years	14.4 Years
Average compensation rate per hour	\$23.55	\$24.86
Estimated average time taken annually	64.9 Hours	76.7 Hours
	 2023	 2022
Employee future benefits	\$ 869,760	\$ 869,760

Notes to Financial Statements

Year ended August 31, 2023

	2023	 2022 Restated (Note 3)
Asset Retirement Obligations	\$ 4,325,064	\$ 4,325,064
	2023	2022 Restated (Note 3)
Asset Retirement Obligations, beginning of year Liability incurred Liability settled Accretion expense Revision in estimates	\$ 4,325,064 	\$ 4,325,064
Asset Retirement Obligations, end of year	\$ 4,325,064	\$ 4,325,064

Tangible capital assets with associated retirement obligations include buildings. The Division has asset retirement obligations (AROs) to remove hazardous asbestos fiber containing materials and other hazardous materials from various buildings under its control. Regulations require the Division to handle and dispose of the asbestos in a prescribed manner when it is disturbed, such as when the building undergoes renovations or is demolished. Although timing of the asbestos removal is conditional on the building undergoing renovations or being demolished, regulations create an existing obligation for the school division to remove the asbestos when asset retirement activities occur.

Asset retirement obligations are initially measured as of the date the legal obligation was incurred, based on management's best estimate of the amount required to retire tangible capital assets and subsequently remeasured taking into account any new information and the appropriateness of the assumptions used. The estimate of the liability is based on recent remediation projects adjusted for inflation and professional judgement.

Included in the ARO estimate is \$4,325,064 measured at its current estimated cost to settle or otherwise extinguish the liability. The Division has measured AROs related to hazardous asbestos fibre containing materials at its current value due to the uncertainty about when hazardous materials would be removed.

13. Contractual rights and obligations:

In the 2023 fiscal year, the Division entered into a 5-year operating lease with an organization for the use of photocopiers at a cost of \$69,225 per year. The lease term expires August, 2027.

The Division is committed to capital expenditures to complete the building of a new westside elementary school of approximately \$19,341,500. It is anticipated these costs will be fully funded by capital revenue from Alberta Infrastructure.

14. School generated funds:

15. Related party transactions:

School Divisions are controlled by the Government of Alberta. Accordingly, all entities consolidated or accounted for on a modified equity basis in the accounts of the Government of Alberta are related parties of the school Division. These include government departments, health authorities, post-secondary institutions and other school Divisions in Alberta.

16. Economic dependence on related third party:

The Division's primary source of income is from the Alberta Government. The Division's ability to continue viable operations is dependent on this funding.

17. Pension Plan:

Employees of the Division qualify to belong to one of the following defined benefit pension plans:

a) Local Authorities Pension Plan

Certain employees of the Division participate in the Local Authorities Pension Plan (LAPP) which is one of the plans covered by the Alberta Public Sector Pension Plans Act. The LAPP serves approximately 290,000 people and 437 employers in Alberta. The plan is financed by employer and employee contributions and investment earnings of the LAPP funds.

Total current and past service employer contributions to the LAPP for the year-ended August 31, 2023 was \$804,335 (2022 - \$955,318). Total current and past services contributions by employees of the Division for the year-ended August 31, 2023 was \$713,170 (2022 - \$858,740).

At December 31, 2022 The Local Authorities Pension Plan reported an actuarial surplus of \$12.7 billion (2021 – surplus of \$11.9 billion).

b) Alberta Teachers Retirement Fund

Current and past service costs of the Alberta Teachers Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the Division does not make pension contributions for certificated staff. The Government portion of the current service contribution to the Alberta Teachers Retirement Fund on behalf of the jurisdiction is included in both revenues and expenses. For the school year ended August 31, 2023, the amount contributed by the Government was \$2,770,569 (2022 - \$2,925,651).

18. The Urban Schools Insurance Consortium:

The Division is, under agreement, a member of The Urban Schools Insurance Consortium (USIC), which facilitates the placement of property and liability insurance coverage for fourteen School Divisions throughout the Province of Alberta. Amounts are paid by the members to the consortium to pay insurance for premiums on policy renewals and to self-insure a portion of each member's risk exposure. The Division's share of the accumulated and unencumbered consortium funds experienced an increase in equity of \$53,923 from January to August 31, 2023 (2022 – decrease of \$52,257) and the balance as at August 31, 2023 was \$168,989 (2022 - \$156,649). This amount has not been recognized in the Division's financial statements, as accumulated consortium funds are payable only upon membership termination or wrap up of the consortium.

Notes to Financial Statements

Year ended August 31, 2023

19. Budget amounts:

The budget was prepared by the Division and approved by the Board of Trustees on May 25, 2022.

20. Other revenue:

		2023		2022
